

ABOUT STRONG HOLD® PLUS™

Organization has never looked this good. Strong Hold Plus combines the durability of an original Strong Hold with new technology and your personal touch. The Plus Cabinet line offers a simple solution to further personalize your cabinet all in one place, saving you valuable time and stress.

5 DAY LEAD TIME

All Plus cabinets are built and shipped within five days of the order. This includes Plus options and a choice of nine color options.

NO ASSEMBLY

At Strong Hold, products ship completely assembled and ready to use. Don't waste time on assembly, shelving installation, setup or on-site modifications.

SAFE + SECURE

Each cabinet features a 3-point locking system, which can be secured with a standard padlock.

HEAVY DUTY

Strong Hold builds strong, dependable industrial storage solutions using heavy-duty, 12 gauge steel. Cabinets are precision-cut with lasers, formed, welded, steam-cleaned and coated.

COST EFFECTIVE

All Strong Hold products are backed by a 99-year warranty, whereas lighter gauge options typically need to be replaced and can't hold up to the tough environments like a Strong Hold.
